

Powerline Plus is Committed to Safety

"Safety is Paramount at Powerline Plus!"

Powerline Plus Ltd. is committed to conducting business in a manner that prevents workplace injuries while providing a safe and injury free environment for its employees, contractors, visitors and the general public. This Occupational Health and Safety Policy applies to all Powerline Plus Ltd. employees and contractors working for or on behalf of Powerline Plus Ltd.

Safety is paramount at Powerline Plus Ltd. and is critical to our success. Safety performance and project execution go hand in hand. Powerline Plus Ltd. will maintain an unprecedented commitment to ensuring the safety of all employees and Sub- Contractors working at our facility and projects.

As leaders and signees to this document, we recognize that improving and maintaining great health and safety standards is our responsibility. We will achieve outstanding Health and Safety performance by delivering on all our commitments.

Individually and as a team we own the safety performance of every person who works for or on behalf of Powerline Plus Ltd.

We are committed to demonstrating leadership through our actions.

Our personal commitments:

- Safe behaviour is a requirement of work for Powerline Plus Ltd.
- We will always comply with OH&S requirements and will consistently hold ourselves accountable for violations.
- We will plan work effectively to ensure that it can be done safely
- Our work environments will have good housekeeping when we work and when we leave
- We will ensure people have the skills and equipment to perform work safely
- We will report and correct unsafe behaviours and conditions, we will not walk by
- We will evaluate the leadership of our Supervisors and hold them accountable for safety performance
- We will design and construct the project to keep everyone safe
- We will investigate events and learn from them to prevent recurrence
- We will promote and encourage positive events
- We will continue to find new ways to keep ourselves, colleagues, sub contractors, and the public safe
- We will personally intervene if we feel a situation or behaviour might be unsafe
